

Flavored Tobacco Ban Endorsement Form 2019 Legislative Session

Endorsement

The Coalition for a Tobacco-Free Hawaii is seeking organizational endorsements of a Flavored Tobacco Ban Bill which will ban the sale of all flavored tobacco products, including flavored e-liquids, electronic cigarettes and cigars as well as menthol cigarettes. The evidence is clear: Tobacco companies target kids with candy-flavored products and flavored products play a key role in getting kids to start and continue using tobacco products. To prevent the tobacco industry from addicting a new generation of kids, the Hawaii Legislature must ban all flavored tobacco products from being sold in the state.

Action

Thanks! Now that you have endorsed the Flavored Tobacco Ban Bill, **please let us know how else you can help** (check all that apply):

- We can provide educational messages or host education events in our community/with our members about the connection between flavored tobacco products and kids tobacco use.
- We can send messages to our organization/coalition to encourage them to take action on the issue, like writing to their legislators (grassroots lobbying), submitting stories and letters to the media related to the campaign, and/or disseminate information on the Flavored Tobacco Ban (non-lobbying)
- We can talk with legislators to encourage them to support the Flavored Tobacco Ban Bill
- We can testify at a hearing for this bill
- We can help HIPHI with communications related to this campaign (i.e. press releases, letters to the editor, educational messages, earned media strategies, etc.)
- We can reach out to other organizations to ask them to sign-on in support of the Flavored Tobacco Ban Bill. Please list which organizations:
