

# Safety and Wellness Survey (SAWS):

School Year 2013-2014 (n=165/254, 65% response rate)

The SAWS is an online survey administered annually by the Hawai'i Department of Health (HDOH) and the Hawai'i Department of Education (HDOE) to all Hawai'i public schools (non-charter) to monitor their implementation of the HDOE's Wellness Guidelines.

**In the 2013–2014 school year, did your school have a garden (e.g., container, raised bed, aquaponic, or farm) used for instruction?**

- 126 Schools had gardens used for instructional purposes
- 11 Schools had a garden, but not used for instruction
- 28 Schools did not have a garden

**If yes, in which subject/content areas? (Please indicate all that apply)**
