Q14

What steps do you think the state and/or counties should take to ensure food security for all of Hawaii's people, and to significantly increase food self-sufficiency for our state?

In 2019, Hawai'i made a commitment to adopt Vision Zero, an initiative to eliminate all traffic fatalities and severe injuries, while increasing safe, healthy, equitable mobility for all. What policies and infrastructure changes should the state and/or counties make to achieve this goal?

really is this a trick question. Traffic fatalities happens by stupid behavior. The best way is not to have these people drive. And use rail systems.
