Is it **safe** to go to the dentist during the pandemic?

Yes! Dentists are doing a lot to keep you safe.

- Temperature checks
- Staff wearing masks, face shields, and other protective equipment
- Air purifiers and glass shields
- Increased disinfection

Hawai'i Children's Action Network

HDS Hawaii Dental Service | Foundation

Is it safe to take my child to the dentist during the pandemic? **Yes!**

The dentist's office is one of the safest places you can be.

You've been doing a great job at keeping your keiki healthy and safe during the pandemic.

Dentists are doing a lot to keep you safe, too.

Did you know that children on Medicaid can see a dentist?

Children and young adults (under age 21) can get regular cleanings, x-rays, fillings for cavities, and preventive care.

Need help finding a dentist that takes Medicaid?
