Q13

Regulating e-cigarettes in the same manner as how the State regulates other tobacco products, through tax parity, licensing and permitting requirements, and restricting online sales to licensed sellers only, and not directly to consumers.

Position: **Support**

Q14

Ending, without exception, the sale of all tobacco products, such as cigarettes, cigars and e-cigarettes, that contain a characterizing flavor, such as menthol, fruit flavors, and candy flavors.

Position: **Support**

Q15

Authorizing counties to enact stricter restrictions on the sale of and access to tobacco products than what is provided at the state level.

Position: **Support**

Q17

Setting Safe Routes to School (SRTS) program benchmarks and decreasing barriers to SRTS programming through the creation of an SRTS Advisory Council within the Department of Transportation.

Position: **Support**

Q18

Enacting a 2 cent-per-ounce fee on sugar-sweetened beverages and using the revenue for community-driven health initiatives.

Position: **Support**

Q19

Ensuring that every student in Hawai'i at every grade level (PreK-12) has regular access to comprehensive agricultural and nutrition education programs linked to core curriculum (e.g. science, math, language arts).

Position: **Support**

Q20

Increasing state investment for implementation of the Hawai'i Farm to School Program (Act 175, 2021), including meeting the goal of 30% local school food within the Hawai'i Department of Education by 2030.

Position: **Support**

Additional thoughts/comments:

I worked for a few years on Active Living by Design projects for Kokua Kalihi Valley including the KVIBE and Ho`oulu`aina projects. The purpose of these is to encourage physical activity through good community design.

Establishing a licensing process for Community Health Workers.

Q28

Respondent skipped this question

Incorporating Community Health Workers as a profession into Medicaid services and contracts with the State of Hawai'i.

Q29

Additional thoughts/comments

I support expanding the provision of community health services especially to under-served and rural areas. Historically, this has been the function of the Public Health Nursing program. I don't currently know enough about the issues surrounding certification and licensing of Community Health Workers to opine on this page of questions. I look forward to hearing and learning from your experts to become better informed.

Housing the regulatory structure of any legalized recreational cannabis program under Department of Health, rather than other agencies, such as the Department of Taxation.

Q33

Additional thoughts/comments

I am not so sure about lowering the BAC further. I need to see the scientific and practical evidence that an accurate and meaningful measurement can be legally justified. As a former DOH Deputy Director and regulator, I think DOH could do the job of regulating cannabis. But I don't oppose considering where else the program could be placed within the state government.
