Mahalo for participating in Hawai'i Public Health Institute's 2022 candidate survey. Your participation is valuable in helping our coalitions, partners, and listserv of over 5,000 advocates learn your position on public health issues that are important to them. As a 501(c)(3), Hawai'i Public Health Institute does not endorse or oppose candidates for elected office, and HIPHI will use the information provided in your response for educational purposes only. Please submit your response by June 29, 2022. Responses will be published on hiphi.org and on HIPHI's social media channels in early-to-mid July.

Additional thoughts/comments

My husband is a smoker. I am not. I see the unintended consequences that has affected his health in many ways. I do know it has to do with smoking. I've feared many times since we've married, as to how long I have my husband in my life.

Increasing state investment for implementation of the Hawai'i Farm to School Program (Act 175, 2021), including meeting the goal of 30% local school food within the Hawai'i Department of Education by 2030.

	Strongly Oppose	Oppose	Support	Strongly Support
Position:	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>

Additional thoughts/comments:

I have been working on legislation as well as with the Dept. of Agriculture to open up leases for farm lots throughout the state so new farmers and or current farmers have lands to grow our foods and not rely mostly on imported products. I have a project now working on a new water source in North Kohala, found an existing well built in the '80s, we tested the quality and now in the process of having the DOA accept the well that's on state land, given to us by the USGS. DLNR, the engineers of the Land Division and I have been working on this for the last 4 1/2 years seeking water source and successfully did. With the DOA accepting this water source, the plan is to create new farm lots, service the existing farms in the area that are having difficulty with limited water source and provide water to the only Dairy farm in the state located in North Kohala.
