Page 8: Economic Stability & Kūpuna

Q8
Creation of a statewide Paid Family Leave Social Insurance Program, to allow up to 12 weeks of paid leave for employees to provide care for a newborn, bond with a new child, or care for a family member with a serious health condition.
Position **Strongly Support**

Q9
Allocating funds and other resources to improve access to, quality of, and coverage for home-and-community-based services that support aging in place among older adults.
Position **Strongly Support**

Q10
Allocating funds and other resources to bolster the capacity of kūpuna-serving programs/organizations by increasing workforce training, education, certification, and career development opportunities.
Position **Strongly Support**

Q11
Providing/increasing tax credits for out-of-pocket caring costs for unpaid family caregivers of kūpuna and/or those with disabilities.
Position **Strongly Support**

Q12 Respondent skipped this question
Additional thoughts/comments:

Page 9: Tobacco Regulations

Q13

Regulating e-cigarettes in the same manner as how the State regulates other tobacco products, through tax parity, licensing and permitting requirements, and restricting online sales to licensed sellers only, and not directly to consumers.

Position: **Strongly Support**

Q14

Ending, without exception, the sale of all tobacco products, such as cigarettes, cigars and e-cigarettes, that contain a characterizing flavor, such as menthol, fruit flavors, and candy flavors.

Position: **Support**

Q15

Authorizing counties to enact stricter restrictions on the sale of and access to tobacco products than what is provided at the state level.

Position: **Support**

Q16

Additional thoughts/comments

I understand the burden tobacco products puts on the health industry, and though I don't support government telling people what they can and can't do with their bodies, we are entering uncharted territory in which we need to maximize our resources and put less strain on our medical workers and systems.

Page 10: Healthy Eating and Active Living

Q17

Setting Safe Routes to School (SRTS) program benchmarks and decreasing barriers to SRTS programming through the creation of an SRTS Advisory Council within the Department of Transportation.

Position: **Strongly Support**

Q18

Enacting a 2 cent-per-ounce fee on sugar-sweetened beverages and using the revenue for community-driven health initiatives.

Position: **Oppose**

Q19

Ensuring that every student in Hawai'i at every grade level (PreK-12) has regular access to comprehensive agricultural and nutrition education programs linked to core curriculum (e.g. science, math, language arts).

Position: **Strongly Support**

Q20

Increasing state investment for implementation of the Hawai'i Farm to School Program (Act 175, 2021), including meeting the goal of 30% local school food within the Hawai'i Department of Education by 2030.

Position: **Strongly Support**

Q21

Additional thoughts/comments:

It is imperative Hawaii grows its own food. We need to use every opportunity to teach our students how to do so and to encourage our adults to do so as well. With regards to a sugar tax, we need to have better health education and better access to nutritious foods before we start taxing those for consuming sugar. I understand the reasons behind the sugar tax, and I do support the concept, but not the timing of the implementation

Page 11: Oral Health

Q22

Investing in dental workforce education programs on Neighbor Islands.

Position: **Strongly Support**

Q23

Allocating funds to the Department of Health to restore an Oral Health Division.

Position: **Strongly Support**

Q24

Expanding student loan forgiveness for dentists that provide care to Medicaid patients.

Position: **Strongly Support**

Q25

Respondent skipped this question

Additional thoughts/comments

Page 12: Community Health Workforce Development

Q26

Establishing a certification process for Community Health Workers.

Position: **Strongly Support**

Q27

Establishing a licensing process for Community Health Workers.

Position: **Strongly Support**

Q28

Incorporating Community Health Workers as a profession into Medicaid services and contracts with the State of Hawai'i.

Position: **Strongly Support**

Q29

Respondent skipped this question

Additional thoughts/comments

Page 13: Alcohol & Cannabis Regulations

Q30

Lowering the blood alcohol concentration (BAC) for impaired driving from .08 to .05 BAC.

Position **Strongly Oppose**

Q31

Enacting a dime-per-drink fee on alcoholic beverages and using the revenue for community-driven health initiatives.

Position **Strongly Support**

Q32

Housing the regulatory structure of any legalized recreational cannabis program under Department of Health, rather than other agencies, such as the Department of Taxation.

Position **Oppose**

Q33

Additional thoughts/comments

Either we keep the limit for BAC that has been set or we need to have a zero tolerance level. Having a level of .05 is very confusing for many people as most people have no idea what their BAC is at any point. Public education and transportation are needed first before this should be considered.

The regulatory structure should not be under just one Department, but the Department of Health should be included for sure.
