Providing/increasing tax credits for out-of-pocket caring costs for unpaid family caregivers of kūpuna and/or those with disabilities.

Position

Q12

Additional thoughts/comments:

All of these are necessary in order to strengthen our community. We need to start with solid foundations for our babies, solid training and support (both financial and emotional) for our caregivers and follow through with solid care for our kūpuna and those with disabilities.

Regulating e-cigarettes in the same manner as how the State regulates other tobacco products, through tax parity, licensing and permitting requirements, and restricting online sales to licensed sellers only, and not directly to consumers.

Position: **Strongly Support**

Q24

Expanding student loan forgiveness for dentists that provide care to Medicaid patients.

Q25

Additional thoughts/comments

There need to be more programs for preventative dental care, not just emergency. The poor/uninsured shouldn't have to wait until they're in pain to receive care.

Q27

Establishing a licensing process for Community Health Workers.

Q28

Incorporating Community Health Workers as a profession into Medicaid services and contracts with the State of Hawai'i.

Position: **Strongly Support**

Q29

Additional thoughts/comments

Yes, we need more Community Health Workers. We also need a training program to certify Midwives and other Birth Workers.

Q31

Q32

Housing the regulatory structure of any legalized recreational cannabis program under Department of Health, rather than other agencies, such as the Department of Taxation.

Position **Strongly Support**

Q33

Additional thoughts/comments

I'm not clear on the difference between .08 and .05 BAC when it comes to motor function and decision making. I would like to see Medical Cannabis Use be covered by insurance, so it's available to all who qualify, not just those who can afford dispensary prices.
