Position **Strongly Support**

Q12
Additional thoughts/comments:

Think the programs should be for Kūpunas who have added value to the islands. Too many people retire here to enjoy the benefits with never contributing to our economy.

Page 9: Tobacco Regulations

Q13

Regulating e-cigarettes in the same manner as how the State regulates other tobacco products, through tax parity, licensing and permitting requirements, and restricting online sales to licensed sellers only, and not directly to consumers.

Position: **Strongly Oppose**

Q14

Ending, without exception, the sale of all tobacco products, such as cigarettes, cigars and e-cigarettes, that contain a characterizing flavor, such as menthol, fruit flavors, and candy flavors.

Position: **Strongly Oppose**

Q15

Authorizing counties to enact stricter restrictions on the sale of and access to tobacco products than what is provided at the state level.

Position: **Strongly Oppose**

Q16

Additional thoughts/comments

Drugs are illegal and still a booming market. The key is to cut the demand. trying to restrict only opens up more black market opportunities where nothing is regulated and people have no idea what they are getting.

Q17

Setting Safe Routes to School (SRTS) program benchmarks and decreasing barriers to SRTS programming through the creation of an SRTS Advisory Council within the Department of Transportation.

Increasing state investment for implementation of the Hawai'i Farm to School Program (Act 175, 2021), including meeting the goal of 30% local school food within the Hawai'i Department of Education by 2030.

Position: **Support**

Q21

Additional thoughts/comments:

I don't know if you have seen the food in our public schools. I have a 12-year-old who sends me photos. Small portions of rubbish. We got to do better.

Q31

Enacting a dime-per-drink fee on alcoholic beverages and using the revenue for community-driven health initiatives.

Position **Strongly Oppose**

Q32

Housing the regulatory structure of any legalized recreational cannabis program under Department of Health, rather than other agencies, such as the Department of Taxation.

Position **Strongly Oppose**

Q33

Additional thoughts/comments

Taxing is never the answer. Lowering the alcohol level is not the answer as well. These are Ludacris ideas. Education is key. all this does is punish law-abiding citizens.
