Page 9: Tobacco Regulations

**Q13**

Regulating e-cigarettes in the same manner as how the State regulates other tobacco products, through tax parity, licensing and permitting requirements, and restricting online sales to licensed sellers only, and not directly to consumers.

Position: **Support**

---

**Q14**

Ending, without exception, the sale of all tobacco products, such as cigarettes, cigars and e-cigarettes, that contain a characterizing flavor, such as menthol, fruit flavors, and candy flavors.

Position: **Oppose**

---

**Q15**

Authorizing counties to enact stricter restrictions on the sale of and access to tobacco products than what is provided at the state level.

Position: **Support**

Ensuring that every student in Hawai'i at every grade level (PreK-12) has regular access to comprehensive agricultural and nutrition education programs linked to core curriculum (e.g. science, math, language arts).

Position: **Support**

**Q20**

Increasing state investment for implementation of the Hawai'i Farm to School Program (Act 175, 2021), including meeting the goal of 30% local school food within the Hawai'i Department of Education by 2030.

Position: **Strongly Support**

---

**Q21**

Additional thoughts/comments:

- How can we be sure that it will support these initiatives? Will it be additional to regular tax? (\$0.02 x 32 oz. = \$0.64 plus beverage cost + state tax) For now, until I know more information, I will oppose this until it is guaranteed to go to these initiatives.

Position: **Support**

---

**Q27**

Position: **Support**

---

**Q28**

Incorporating Community Health Workers as a profession into Medicaid services and contracts with the State of Hawai'i.

Position: **Support**

---

**Q29**

Additional thoughts/comments

Since most people in these positions are already certified and/or have some types of licenses, are we trying to establish a licensing/certification process for those who don't have certification in the health care field already, or are we creating an extra license they would need to acquire in order to be a health advocate?

Neutral on the last one... need more clarification. Are you making these Medicaid employees? Would you be opening a slot in Medicaid services to send people to do this? If so, what's the cost?

Additional thoughts/comments

Once again... How can we be sure that the dime-per-drink fee will go to support these initiatives? Will it be additional to regular tax?
