Page 8: Economic Stability & Kūpuna

**Q8**  
Creation of a statewide Paid Family Leave Social Insurance Program, to allow up to 12 weeks of paid leave for employees to provide care for a newborn, bond with a new child, or care for a family member with a serious health condition.

Position **Strongly Support**

---

**Q9**  
Allocating funds and other resources to improve access to, quality of, and coverage for home-and-community-based services that support aging in place among older adults.

Position **Strongly Support**

---

**Q10**  
Allocating funds and other resources to bolster the capacity of kūpuna-serving programs/organizations by increasing workforce training, education, certification, and career development opportunities.

Position **Strongly Support**

---

**Q11**  
Providing/increasing tax credits for out-of-pocket caring costs for unpaid family caregivers of kūpuna and/or those with disabilities.

Position **Strongly Support**

---

**Q12**

Additional thoughts/comments:

I'm running for Governor because I truly believe that I have real solutions that will improve our economy and lower the high cost of living in Hawaii. My main platform is to legalize the Ohana Lottery. This is not a power ball lottery where there is one multimillionaire winner instead I designed the Ohana Lottery to reflect the Hawaiian culture simple, friendly, and to help hundreds of residents cope with living in Hawaii. There are three main rules to our lotto. First you must be a resident of Hawaii, we don't want to rely on any tourist money and if only Hawaii people play then only Hawaii people will win. Second, you must have a source of income such as a paycheck, retirement check, social security check, even disability check. Welfare checks are not acceptable for obvious reasons. Third, you can only contribute \$50 a month you can choose to play less than \$50 but you cannot go over. This eliminates the risk of falling behind on your financial obligations and it gives everyone the same odds. The janitor of the bank has the same chance of winning as the president of the bank. Hawaii has approximately 600K in our workforce let's say that half of these people play the \$50 we've just created \$15M in 1 month for the state. For every \$5M we would pull 1 \$1M winner payable \$100K for 10 years also 1 \$50K winner, 2 \$25K winners and 6 \$10K winners. We've just helped 10 families across Hawaii. But wait, we made \$15M for the state so we would pull 3 \$1M winners, 3 \$50K winners, 6 \$25K winners, and 18 \$10K winners! Every month! Just imagine if everyone participated. I guarantee someone in your Ohana will win, it could be your blood ohana, work ohana, softball or soccer ohana, even your church ohana. Someone in your circle will benefit from the Ohana Lottery. The main problem with Hawaii politicians is that they lack the ability to create new revenue, that's why they depend on foreign investors so much. I've solved that problem with the Ohana Lottery so now we can address the many problems facing our Beautiful Island home. As Governor my solution is for the state to build and maintain senior centers in every community from Hilo to Hanalei to meet the growing need for affordable long term care. The reason to build in every community is to keep our kupuna close to family and friends and keep them in the communities that they know and have lived in for most of their lives. This is important because let's say one of the residents wanders off the property he or she may recognize a familiar landmark or more so if they suffer from Alzheimer's then maybe someone in the community will recognize them and be able to help authorities to locate them. People may criticize me and say that I'm dreaming but with the Ohana Lottery my dreams can come true.

Page 9: Tobacco Regulations

**Q13**

Regulating e-cigarettes in the same manner as how the State regulates other tobacco products, through tax parity, licensing and permitting requirements, and restricting online sales to licensed sellers only, and not directly to consumers.

Position: **Strongly Support**

**Q14**

Ending, without exception, the sale of all tobacco products, such as cigarettes, cigars and e-cigarettes, that contain a characterizing flavor, such as menthol, fruit flavors, and candy flavors.

Position: **Strongly Support**

**Q15**

Authorizing counties to enact stricter restrictions on the sale of and access to tobacco products than what is provided at the state level.

Position: **Strongly Support**

**Q16**

Additional thoughts/comments

As a ex-smoker of 30+ years I have cautioned and discouraged family members as well as friends not to experiment or get started with tobacco, nicotine is harmful and addicting. I believe that alcohol is just as destructive.

---

Page 10: Healthy Eating and Active Living

**Q17**

Setting Safe Routes to School (SRTS) program benchmarks and decreasing barriers to SRTS programming through the creation of an SRTS Advisory Council within the Department of Transportation.

Position: **Strongly Support**

---

**Q18**

Enacting a 2 cent-per-ounce fee on sugar-sweetened beverages and using the revenue for community-driven health initiatives.

Position: **Strongly Support**

---

**Q19**

Ensuring that every student in Hawai'i at every grade level (PreK-12) has regular access to comprehensive agricultural and nutrition education programs linked to core curriculum (e.g. science, math, language arts).

Position: **Strongly Support**

---

**Q20**

Increasing state investment for implementation of the Hawai'i Farm to School Program (Act 175, 2021), including meeting the goal of 30% local school food within the Hawai'i Department of Education by 2030.

Position: **Strongly Support**

---

**Q21**

Additional thoughts/comments:

As Governor my solution to achieve food sustainability is to first restore all ancient Hawaiian fish ponds and build new ones if necessary. Then the state will offer low to no interest loans to farmers and ranchers to acquire the necessary equipment to increase their production. Finally the state will give tax incentives and tax credits to restaurants and markets that buy local products first. This goes without saying that all public schools will support this effort.

---

Page 11: Oral Health

**Q22**

Investing in dental workforce education programs on Neighbor Islands.

Position: **Strongly Support**

---

**Q23**

Allocating funds to the Department of Health to restore an Oral Health Division.

Position: **Strongly Support**

---

**Q24**

Expanding student loan forgiveness for dentists that provide care to Medicaid patients.

Position: **Strongly Support**

---

**Q25**

Additional thoughts/comments

As Governor I support all of these proposals and keep in mind that with the revenue generated from the Ohana Lottery I am the only candidate that will actually be able to fund all of these programs/proposals.

---

---

Page 12: Community Health Workforce Development

**Q26**

Establishing a certification process for Community Health Workers.

Position: **Strongly Support**

---

**Q27**

Establishing a licensing process for Community Health Workers.

Position: **Strongly Support**

---

**Q28**

Incorporating Community Health Workers as a profession into Medicaid services and contracts with the State of Hawai'i.

Position: **Strongly Support**

---

**Q29**

Additional thoughts/comments

As Governor count me in I'm all for better coverage and comprehensive healthcare as well as educating our youth on the importance of good nutrition and physical exercise in our public schools.

---

Page 13: Alcohol & Cannabis Regulations

**Q30**

Lowering the blood alcohol concentration (BAC) for impaired driving from .08 to .05 BAC.

Position **Strongly Support**

---

**Q31**

Enacting a dime-per-drink fee on alcoholic beverages and using the revenue for community-driven health initiatives.

Position **Strongly Support**

---

**Q32**

Housing the regulatory structure of any legalized recreational cannabis program under Department of Health, rather than other agencies, such as the Department of Taxation.

Position **Strongly Support**

---

**Q33**

Additional thoughts/comments

As I mentioned earlier I am a opponent of alcohol and will support any action that will discourage the consumption of alcohol. As Governor I will enter Hawaii into the Marijuana industry. Legalizing Marijuana is a no brainer our islands have the richest soil and we have the perfect climate so it only stands to reason that we would have the most sought after product. This will also create hundreds even thousands of jobs, I'm not suggesting that we invite Monsanto or any other large cooperation to do the work and take the lion's share of the profits. I'm saying that the state will run everything from germination to distribution. Why settle for 4% when we can have 100%. Plus at the same time we should also be the world's leading authority on the health benefits of CBD oils. Potentially this could generate hundreds of billions of dollars in revenue so that there would be no need for Hawaii residents to pay any income taxes! I think that we have all learned from the pandemic how fragile our economy is relying only on tourism. Remember that all of my solutions and support to your proposals Marijuana industry. Legalizing Marijuana is a no brainer our islands have the richest soil and we have the perfect climate so it only stands to reason that we would have the most sought after product. This will also create hundreds even thousands of jobs, I'm not suggesting that we invite Monsanto or any other large cooperation to do the work and take the lion's share of the profits. I'm saying that the state will run everything from germination to distribution. Why settle for 4% when we can have 100%. Plus at the same time we should also be the world's leading authority on the health benefits of CBD oils. Potentially this could generate hundreds of billions of dollars in revenue so that there would be no need for Hawaii residents to pay any income taxes! I think that we have all learned from the pandemic how fragile our economy is relying only on tourism. Remember that all of my solutions and all of my support to all of your proposals are achievable without raising any taxes because we will have the ability to fund these solutions, programs, and proposals with the money generated by the Ohana Lottery. The other candidates can talk about supporting of your ideas and proposals but they will lack the ability to find the money to fund any of your proposed programs. They can't even find the money to finish the Rail!
